

STRONG EVIDENCE AGAINST NEGRO

Attempt Made to Impair His Testimony in Dr. Gregory Case.

SOUGHT TO BRIBE WITNESS

Both Sides Rest, and Instructions to Jury Have Been Argued.

[Special to The Times-Dispatch.]
ROANOKE, Va., November 14.—All the evidence in the Gregory case is in, and the instructions were argued this afternoon. Nearly all the evidence today was an attempt of the prosecution to impeach the evidence of Lee Martin, the negro assistant of Dr. Gregory. Zeke Smith, colored, who works for Professor Coulter, testified that Lee Martin attempted to bribe him to testify that he had heard Coulter and Keedick say that if the fight had not occurred there would not have been any trouble as Miss Irvine had stated that she was wrong in charging Dr. Gregory with attempting to assault her, and that Dr. Gregory would give him \$100 before the trial and \$100 after it, would make his home at the Gregory's, and would learn how to make teeth.

Ed. Hunt, colored, testified that he was in Gregory's office with Martin and Smith, and heard the Gregory case in the afternoon. He testified that Dr. Gregory had plenty of money. Mr. Charles G. Bush, a young clothier, testified that he had Martin, shortly after 12 o'clock on the 25th or 26th, to take a pair of trousers to a customer from the Morrison tailor shop, on the opposite side of the street. Mr. Morrison testified that he was positive that it was on the 25th, and Miss Kiegly, a young woman who worked in the shop, was equally positive.

Miss Irvine was recalled, and again testified that Dr. Gregory did not ask her if she had any heart trouble, and added that if he had done so she would have told him that her mother died from heart disease.

Mrs. Smith, of Crawfordville, Ind., testified that she had known Miss Irvine as a schoolgirl and teacher, and her reputation for truth and veracity was of the best.

Lee Martin was recalled by the defense, and denied that he had offered to bribe Smith.

R. O. Bondurant, who identified Miss Irvine as the lady who was out of the dental office as he went in, was the last witness.

ASHES OF A GENERAL.

Prince de Sagan Sued by Agent Who Purchased for Him.

The commission to be paid for selling the ashes of a famous French general formed the subject of a law suit which has come before the Paris courts.

The Prince de Sagan is the defendant, and he is being sued by a Paris antiquary named M. Chauvin for the recovery of a debt of \$380. Eight years ago, the prince bought from M. Chauvin a number of relics of the French Republic General Jean-Baptiste Bernadotte, who was killed at Austerlitz while fighting against the Austrians. The remains of the general were cremated, and a portion of his ashes placed in a hollow cannon ball and sent to his sister.

In course of time the precious relic passed into the hands of M. Chauvin, who is a chemist at Milan. He also came into possession of several of the general's autograph letters, his seal and his military plume. Finding himself in reduced circumstances, the general nephew decided to sell the relics of his ancestor, and through the antiquary Chauvin he entered into negotiations with the Prince de Sagan, who ultimately bought the collection, including the ashes, for \$1,000. The antiquary was to have been paid a commission of \$380 by the prince, who gave him a promissory note for this amount, but on becoming due it was dishonored.

The prince, who was not represented, is understood to claim that \$1,000 was too much to pay for the ashes of any

general, and he declines to hold himself responsible for the agent's fees as well. The case has not been concluded.

Aid for High School.

[Special to The Times-Dispatch.]
RALPHIGH, N. C., November 14.—Forty-five thousand dollars appropriated by the State toward the support of the public high schools established in eighty-one counties the past two years was distributed in warrants on the State treasury to-day by State Superintendent of Public Instruction for the school terms now in progress. There are 159 of these schools. Thirteen new ones were established during the year and ten opened the year previous were discontinued because the attendance was below the minimum established by the act making the State appropriation.
